WEB DEVELOPMENT

packages

BASIC

For small businesses and startups, basic web development provides a cost-effective solution. Our packages and pricing are tailored to accommodate the smaller scale of your website and the scope of your project.

R8 000

INTERMEDIATE

Intermediate web development is an ideal choice for mid-sized businesses. These packages typically feature enhanced ecommerce capabilities and database integration, providing added value for your online presence.

R15 000

ADVANCED

Advanced web development packages are tailored to your company's size and website needs. They include ecommerce features and CMS integration, ensuring your business remains competitive in the online market.

R25 000+

*Packages do not include domain purchase, hosting or SSL certificates. Can be added to quote on request
